bitter in the mouth pdf

bitter in the mouth a novel

Bitter in the Mouth is a 2010 novel by Vietnamese-American author Monique Truong. The novel is written in a stream of consciousness narrative structure and follows the character of Linda Hammerick as she comes of age. Linda remembers her childhood in Boiling Springs, North Carolina, in the 1970s and her relationships that follow, through college and beyond.

Causes of Bitter Taste in the Mouth. There are thousands of taste sensory nerve cells in our mouths. Each of these plays a role in helping you to taste bitter, sweet, sour, salty, and savory (umami) flavors. When you eat, these nerves combine with heat, cold, texture, and aroma to create a perception of flavor.

1. Introduction. Bitter tasting herbs, commonly referred to as bitters, are used in many cultures [1-4] to support upper digestive activity; yet there is no consensus regarding a mechanism by which the chemosensory stimulation of taste receptors could enhance digestion. Results from our research group indicate that a novel mechanism is involved.
