White Magic is associated with the soul or Spirit, while black magic is associated with the types of matter. White Magic is positive, altruistic, soul infused, group oriented, cooperative, evolving, and unified. Black magic is negative, selfish, matter enmeshed, individual, controlling, involving, and dualistic.

Okay, you're designing an RPG, and you've got your Fighter, Mage, Thief, but something's missing. The magic adds a lot of strategic elements to the combat system, and you don't want to have just one magic user. You want to add more variety. But you can't just create a copy of the mage; it has to...

black magic is the malicious counterpart of benevolent white magic. Like its counterpart white magic, the origins of black magic can be traced to the primitive, ritualistic worship of spirits (Robert M. place 2009 book, Magic and Alchemy). Black Magic was designed to invoke spirits to produce beneficial outcomes for the practitioners.

black and white magic its theory and practice

Black magic has traditionally referred to the use of supernatural powers or magic for evil and selfish purposes. With respect to the left-hand path and right-hand path dichotomy, black magic is the malicious, left-hand counterpart of the benevolent white magic. In modern times, some find that the definition of "black magic" has been convoluted by people who define magic or ritualistic practices ...

The Black Magic VS White Magic Core Principle. White magic adds energy to create a transformation to a higher level of evolution. Black magic takes energy away to create chaos, destruction, disruption and to bring systems down to lower states. White magic is a movement up the energy chart; black magic is a movement down the energy chart.
