black box cassia leo

A well-written, inspirational love story about a truly heartbreak topic. Cassia Leo did an admirable job portraying the immeasurable and life-saving power of love and the life-altering effects of fate. I really enjoyed reading Black Box and I don't think this will be the last book I read by this author. I recommend.

The interweaving of the characters POVs just make it that much more powerful. Cassia Leo has a gift of story telling and making your heart feel every word and emotion. I loved how she wove her themes together seamlessly. The use of the Black Box is magic. "This black box is yours to keep, to stash your troubles away."

black box cassia leo

Black box is ultimately a book about the power of love. This book grabbed me and held on until the very last page. The ending was so very fitting, I usually like to know that the characters have reached there HEA at the end of a book, but the way Cassia has finished Black box it kind of left to you to give them that in your mind.

### **REVIEW: Black Box by Cassia Leo | Harlequin Junkie**

black box cassia leo

Black Box is about a young girl who was brutally raped and left for dead and then rescued by the man she will marry years down the road. Their paths keep crossing yet they never knew it. Read along with Mikki and Crush as their worlds collide and they both find a reason to go on. This is my first read by author Cassia Leo.
