Contemporary African American Women Playwrights is a welcome addition to the field of scholarship on black women playwrights. Despite the obvious and overwhelming impact they have had on American theatre, on African American theatre, on American and African American culture and literature in general, too little attention has been paid to their contributions.

The Kilroys' Alexander believes the biggest obstacle women playwrights face today is getting into the canon: "Many great female writers have been left out over the years, not due to talent, but simply that they were never produced as much as their male peers. This is a disservice, not only to them, but for all of American theater."

Female playwrights and directors tend to receive lower rates of pay than their male counterparts, and companies with female ADs tend to pay their workers (GMs, dramaturgs, etc.) less than companies run by male ADs. This is partly due to the fact that women are usually involved in smaller, under-funded companies.

African American literature, body of literature written by Americans of African descent. Beginning in the pre-Revolutionary War period, African American writers have engaged in a creative, if often contentious, dialogue with American letters. The result is a literature rich in expressive subtlety and social insight, offering illuminating assessments

of American identities and history.
