black helicopters over america

Black Helicopters Over America seems like the most meritless, paranoid title you've heard me recommend â€“ until you pick the thing up, and realize the book is a documentation of jackass "flyboys" buzzing Mid-America folks with "black budget" Pentagon aircraft and scaring the shit out of them. (The smirks described on the faces of the pilots, in the rare-on-top-of-rare instances when they're ...

### **Black helicopter - Wikipedia**

black helicopters over america

Black helicopters don't play much of a role in serious conspiracies any more, as the idea of perfectly silent helicopters flying about at night for no particular reason is a bit superfluous. Despite that, some Internet cranks who experiment with "Orgone energy" claim that they are being stalked by low-flying black helicopters.
