The recording sessions for Blind Melon were completed in the spring of 1992. Blind Melon's production is marked by the use of outdated amplifiers and other antiquated studio technology. Modern studio effects were not used in its production as the band wanted to create a pure and "intimate" sounding record.

Blind Melon descended on New Orleans in 1994 to write and eventually record its long-delayed second album.

Released on August 15, 1995, Soup was the furthest thing from a sophomore slump: audacious, unique, mature, experimental, with musical density and lyrical heft to spare.â€œWe were open to anything,â€• Christopher Thorn told The A.V. Club.. â€œWe didnâ€™t have to answer to anybody and felt ...

Blind Melon's self-titled debut is appalling and in a very specific way. It was an interminable compendium of everything wrong with early 90s rock (or as it was so uselessly called "alternative"). Soup , on the other hand, is one of those underrated gems that feels every bit as dated and tied to that era, but in a good way.

Soup is also the name of Blind Melon's second album. This song was written for it, but didn't make the cut. Shannon Hoon died a few months after the album was released, so the song was included on their 1996 album Nico, which was cobbled together from unfinished songs the band completed without Hoon and various completed but unreleased songs. The album is named after Hoon's daughter, Nico.
