Blueback is a perfect novel for Year 7 because Tim Wintonâ€™s prose is allegorical and figurative without being dense. The story has depth and breadth without the length, and it can literally be read by anyone of any age and still enjoyed. More importantly, students of varying reading abilities can engage with it on different levels, and that ...

Tim Winton on Blueback "I don't know whether books like Blueback make a difference, but in an innocent way, it's discussing these things - we have been taking from the sea and the land for so long, it's time for us to give something back. "I feel very specifically that I benefited from growing up where I did, where so much revolved around the sea - in a way, it was a gift and I owe it something.

Blueback: A Contemporary Fable. Winton has a really strong connection with the sea and surf culture and he has a great respect for it, and I think that's evident in this. This is a little fable by Tim Winton, and even though I really don't like Tim Winton, or his writing style, I liked this book.

I fell in love with Tim Winton when I read That Eye the Sky many years ago, however, children need not wait until their twenties to form a relationship with him because he's written quite a few kids' books too, the finest being Blueback. I wept at its beauty. It is a tiny, atmospheric gem of a story; a perfect fusion of sea and sensibility, of shimmering ocean and sparkling prose.
