Drawing on advances in social science, evolutionary biology, genetics, neuroscience, and network science, Blueprint shows how and why evolution has placed us on a humane path - and how we are united by our common humanity. For too long, scientists have focused on the dark side of our biological heritage: our capacity for aggression, cruelty, prejudice, and self-interest.

Why Write a Business Plan? Business plans are prepared as a necessary instrument for raising capital from potential investors, bankers and other lenders. It is an essential document when taking your business public or selling all or part of a company. In fact, without one, soliciting a bank for funds is pointless.
